Committees still needed

It has been mentioned before, but it bears telling again. The WyndSOR Pointe Homeowners Association is trying to set up committees for the community.

We have a great Landscape committee in place and they have designed an awesome re-do of the front entrance of the community. This work should be done in the next few weeks.

Do dark places and hiding cubby holes make you feel suspicious? If so, you might be a good candidate to serve on the Crime watch committee.

What about keeping the community looking clean and neat? This might mean you would work out well on the ARC committee.

Remember that the committees are the best way for the WyndSOR Pointe community to truly function. These are great channels for owners to have a say in the Association, its operation and its future. The HOA needs YOU!

Easter is on the Way!

The Annual WyndSOR Pointe Easter Egg Hunt is scheduled. We have confirmed that a special quest will be here at the community to help us celebrate. Go ahead and mark your calendars now for April 4, 2015 at 9:00 a.m. at the flagpoles. Plan to join all your neighbors for this **eggcellent** event. Don't forget the cameras for those great photo ops as well.

TollTag entry

We have been searching for ways to use the TollTags on our cars to activate our gates. In calling NITTA's customer service, they said it could not be done (don't call customer service for Tech questions).

We finally found a gate vendor that has done this work in the past. We now know it can be done and it what it would take. At this time the Board is putting this plan on hold. The financial commitment is substantial, so it is currently cost prohibitive.

We will keep working on this and if the number work out or as we get more owners paying full dues, we can look at this in the future.

Check out the Junction Property Management app in the App Store or the Google Play Store

Landscaping changes

After much discussion, checking and double checking, the Board has decided to change landscape vendors for this coming year. They have chosen Greater Texas Landscape to take care of the Association's common property and the front yards.

GTL will also be treating the community for weeds, but with the freezing temps and ice in March, they have some catching up to do. They will start this process when they "come on board" in April. The hope is that we can get control of all of this quickly.

Be on the look out for the new company and please let the management office know if you have any questions.

Checked your mail?

Just a quick reminder - The Association communicates often by email. If you have not registered your email with the Management Company, now is a good time to let us know your email address. Please contact Junction Property Management at 972-484-2060 or info@junctionproperty.com. Or click here - www.junctionproperty.com/forms/email-updates
